PMPS 47TH ANNUAL DINNER AND DOCTORS’ DAY 2018
ORGANISING COMMITTEE MEMBERS

**Advisor**  Dr Steven KW Chow
**Chairman**  Dr Mohd Tajudin Hj Shaffee
**Secretary**  Dr Annuar Husainy Hussein
**Treasurer**  Dr Umasundari
**Members**
  Dr Syed Johaidy Syed Ariffin
  Dr Mohd Nazri Sulaiman
  Dr Siti Farida Masrif
  Dato Dr Syed Yusuf Idid
  Dato Dr Abdul Hasif Husin
A very warm welcome to all members of the society, fellow members from societies under the affiliation of FPMPAM, colleagues, family, friends, volunteers and members of the health industries to our 47th Annual Dinner and Doctors’ Day 2018. It gives me great pleasure to be able to write a few words in this year’s annual dinner souvenir book.

This year’s annual dinner is certainly special in more ways than one. Firstly, we are celebrating FPMPAM 5th Doctors’ Day and Kedah is extremely privileged to be the host for 2018. On behalf of the society my sincere appreciation to FPMPAM for giving us the trust to be the host. This year also marked the first time our annual dinner is held under a different political landscape. Change may not necessarily be good all the time but I am quite certain the changes that we saw over the past 5 months, brought by the political maturation of the people, will help transform the country into a better and New Malaysia.

The theme for this year’s Doctors’ Day celebration is “Kesihatan Untuk Rakyat” is appropriate. PMPS has over the years strive to provide health care to all levels of societies through various community programs. This year with the cooperation of various state and federal government agencies, a 2-day health and social program was organized in Kubang Pasu. I would like to offer my utmost appreciation to all who have contributed to make it a huge success. The society hopes to have this as an annual program to raise the awareness of the public to the various preventive health issues as well as provide medical services to the communities.

I would also like to take this opportunity to congratulate two of our members for receiving the honorary awards from FPMPAM namely Dr. Umamudari and Dr Mohd Nazri Sulaiman for the various voluntary work they have contributed. I am sure this will only spur them and all of us to continue with our community and social work.

PMPS Academic Excellence Award continues to be a permanent feature in our annual dinner and this year we honour 2 of our very best children and their respective parents. My sincere congratulations to them.

Those of you who attended our previous dinner will have noticed the overwhelming presence of a bigger number of guests this year. I would like to thank the various individuals, organizations, companies and of course, our members for the massive support in attending and also in sponsoring the tables. My special appreciation goes to the office of YAB MB and our MB himself for his support to the society. He attended last year’s dinner and had initially agreed to attend this year’s annual dinner but unfortunately had to cancel due to unforeseen urgent circumstances.

We will be putting up a different kind of entertainment for tonight’s dinner. Hope all of us will enjoy the food, entertainment and the company. Last but not least, I would like to thank and congratulate the organizing committee for this year’s annual dinner and Doctors’ Day celebration for working tirelessly to organize these events.

Have an enjoyable night and best wishes for the rest of the year and for the coming 2019.

Dr Mohd Tajudin bin Haji Shafee
President PMPS Kedah / Perlis 2017/2019
Fellow Doctors,

On behalf of the Council and members of the Federation, it is my greatest pleasure to congratulate the Organising Committee of Doctors’ Day 2018 for a most exciting and successful event. When the challenge was first thrown to Dr Mohd Tajudin, President of PMPS Kedah/Perlis, he had no hesitancy in accepting it. Today, he and his Kedah team have proven that in Kedah, you can ask for and expect the best like in everything else. The theme “Kesihatan Untuk Rakyat” is apt and precise and speaks well for the medical leadership of Kedah and Perlis.

This 5th Federation Doctors’ Day in Malaysia is special for two important reasons. It coincides with the year of historical change in socio-political maturation in our nation and also, at this pivotal moment, the future of the nation is in the hands not one but two doctors.

We have just celebrated our 55th Malaysia Day. Teachers have Teachers’ Day, Nurses have Nurses’ Day, our police have Police Day and so on and so forth. There is really no compelling reason why after all these decades of serving the rakyat, we do not have a Doctor’s Day in Malaysia.

Since 2014, the Federation has been celebrating our Doctors’ Day on 10.10 to signify our commitment to provide the best of our services to our patients. In India the National Doctors’ Day is celebrated on 1st July all across India to honour the legendary physician and the second Chief Minister of West Bengal, Dr Bidhan Chandra Roy. We now have a doctor as the Prime Minister of Malaysia a second time around and Deputy Prime Minister who is also a doctor and that is more than enough reason for the Government to declare a national Doctor’s Day for all doctors, both in the private and the public sectors, in keeping with our aim to “unite doctors for better patient care”.

The day, 10:10 will always be special to us as we individually and collectively strive to achieve perfection in what we must do as doctors. The Federation has given the pledge that we will continue to offer our services to the best of our ability and capacity to communities that have fallen through the social safety net, no matter how remote they may be. In this respect we look forward to working with other governmental and non-governmental agencies as we focus our medical outreach programmes to help the indigenous people in our jungles.

We hope our new government will see it fit to nurture and facilitate our existing private GP system providing for accessible, affordable and personalised medical care for 40% of the outpatient population in the urban and semi-urban areas. Our GP care is one of the most cost-effective systems of medical care for the acute and walkingsick patients. Our GPs are ready to accept outsourcing of the government outpatient care to the private sector as this is the best way forward to relieve the perennial problem of congestion in the government hospitals. It will then allow the government hospitals to focus on preventive care, secondary and tertiary care.

A big thank you, to the Executive Committee and Members of the Kedah PMPS and the Organising Committee for hosting Doctors’ Day 2018.

Syabas.

With best wishes.

Dr. Steven KW Chow
President
Federation of Private Medical Practitioners’ Associations Malaysia

National CME/CPD Service Award 2018

Dr Chan Chong Guan

Dr Chan Chong Guan graduated from the University of Malaya in 1991 and obtained his MRCP and MMed from the National University of Singapore in 1997. He also completed the MMed in the University of Malaya in 1998.

His training in Cardiology started in 1997 at the Institut Jantung Negara and then at the Cardiology Unit of University of Malaya. He is a Fellow of the Asian Pacific Society of Interventional Cardiology and the National Heart Association of Malaysia.

He has been a faculty member of the Malaysian Interventional Cardiology Live Course, Asian Interventional Cardiovascular Therapeutic, AsiaPCR / SingLive, EuroPCR, Asian Pacific Congress of Cardiology, Complex Cardiovascular Intervention by NHAM and Interventional Cardiovascular Society of Malaysia and the China Interventional Therapeutics.

Dr Kong Chiew Meng

Dr Kong Chiew Meng graduated from the Faculty of Medicine, University of Malaya, Kuala Lumpur, in 1976. He completed his housemanship at the University of Malaya Medical Centre before being posted to Ipoh General Hospital, Perak, as medical officer. He went into private practice in 1982 in Kuala Lumpur.

He is a member of the Private Medical Practitioners Association since 1989 and was the President of the Association on two separate terms. He has been actively involved in the continuing medical activities and chaired the organising committee of its annual scientific congress for several years.
National Community Service Award 2018

Dr Rizin L Kusop

Dr Rizin Kusop, a General Practitioner at Permai Polyclinics Tuaran, Sabah is outstanding in community service apart from his official work as a GP. He is involved in several community service activities with his own cost.

Currently he is the Secretary General, Association of Private Practitioners Sabah (APPS), Treasurer, Persatuan Kesihatan Sabah (SIHATBAH) and Permanent Health Speaker for Persatuan Sukarelawan Kanser Sabah (PSKS) since 2014 and has delivered more than 30 sessions of health talks for PSKS.

He is a regular speaker at various health awareness campaigns all over Sabah since 2006. He is an active participant in various medical and health events organized by non-governmental organisations and government departments.

Dr Mohd Nazri Sulaiman

Dr Mohd Nazri Sulaiman was born in Selangor in 1958 and is married to a school teacher with three children. He obtained his Doctor of Medicine (MD) from Universiti Kebangsaan Malaysia in 1985 and subsequently his postgraduate Master of Ophthalmology from University of Malaya in 1997. He proceeded to train in the Glaucoma Subspecialty at the Royal Victorian Eye & Ear Hospital at the University of Melbourne, Australia.

He did his housemanship in Hospital Kuala Lumpur in 1985 and worked in various Ministry of Health hospitals throughout Malaysia and also the Armed Forces and also a short stint in Australia in 2005-2006. He had teaching experience as a lecturer at University Sumatra Utara Indonesia and Private Medical Colleges in Malaysia. Some of his published papers had won gold medals at international conferences. He is now retired from Government service and attached to a private clinic. He has been actively involved in the community service medical camps in Pedu Lake, Bedong, Napoh and Alor Setar in 2017.

Dr Shan N Narayanan

Dr Shan Narayanan graduated with MBBS in 1987. He had his full Paediatric training in the United Kingdom. He is a General Paediatrician at Hospital Fatimah, Ipoh, Perak.

He started doing community service during school days through the Benefit Society. His social work includes work with women with bleeding disorders, orang asli children and children with special needs.

He is passionate about Autism and Learning disorders in children. He has co-founded an Early Intervention Centre for children with Autism, known as Ohana. He is currently the President of Rotary club of Kinta continuing his journey in community service.

47th Annual Dinner
& Doctors' Day 2018
National Community Service Award 2018

Dr Tan Guat Ming (KL/Selangor)

Dr Tan Guat Ming obtained a PSD scholarship to study medicine in India in 1980. She obtained her MRCP (UK) in 1994. She then continue to sub-specialise in Neurology at the Institute of Neurological Sciences at the Southern General Hospital, Glasgow, Scotland. She returned from UK and served in the Penang Hospital as a specialist in Neurology.

She currently practicing at her own private clinic in Ampang, Selangor.

She is part of the NGO, MACO (Medical Awareness Camps Outreach) where team work is very strong. She has helped to organize at least 20 medical camps for the period 2013 to 2018. She adopts the role of sourcing for drugs from donors (mainly pharmaceutical companies). The MACO team also cooperates with the Breast Cancer Welfare Association in all these camps. MACO also sponsors some poor patients for cataract operation at MWAIP at Hospital Selayang. She is grateful for the National Community Service Award from the FPPAM and is accepting this on behalf of her colleagues in MACO.

Dr Umasundari A/P AL Ramanathan

Dr Umasundari obtained her medical training from Lady Hardinge Medical College, New Delhi India. Upon successfully completing her studies she started her housemanship in Seremban General Hospital. She was transferred to the Alor Setar General Hospital as a medical officer. After years in public service Dr Umasundari went into private practice in Pokok Sena, Kedah until today.

Dr Umasundari has been actively involved in various voluntary organizations since the early days of her medical career. She is an active member of MMA Kedah Branch holding various posts in the main committee as well as subcommittees. She is also an active member in the Persatuan Kesihatan Keluarga Kedah holding posts such as Chairperson, Vice–Chairperson and Honorary Treasurer. She is also an active member of PMPS Kedah / Perlis. She has been in the committee since 1994 holding posts such as President, Secretary and Treasurer. She actively participates in community programmes, health camps and conducts health promotional activities for the public as well as participating in various fund raising projects for the Societies she is involved in.

Dato Dr Yeoh Beng San

Dato’ Dr Yeoh Beng San, born in 1947, graduated from the University of Malaya in 1972. He obtained his membership of the Royal College of Physicians (UK) in 1975, Diploma in Child Health (London) in 1976 and Fellowship of the Royal College of Physicians (Glasgow) in 2002.

He is married and practises as a Consultant Paediatrician.

In 1980, he was chartered as a member of the Rotary of Ipoh Kinta, Perak.

From 1998 till now, he is the president of the Perak Association for Intellectually Disabled. He is also the Treasurer of the Perak Welfare Council since 2006, the adviser to the Ray Of Hope since 2007 and a member of the Disciplinary Committee Panel, Advocate and Solicitors Board, Malaysia since 2008. In recognition of his work, he was awarded the AMP (1998), KMN (2001) and DPMP (2004). He also served in the Anglican Diocese of West Malaysia, as a member of the National Standing Committee, Chairman of National Men’s Council and ordained non stipend minister.

DOCTORS’ DAY CELEBRATION
in Malaysia

6 Things we should know:

A

A day created to honour and recognize the contributions of doctors to individual lives and communities.

B

Brainchild Of Ms Eudora Brown Almond, the wife of the prominent doctor in Winder, Georgia. March 30, 1943 was the very first Doctor’s Day observed in Winder, Georgia.

C

Celebrated in many other countries in Europe, the United States & India. The time has come to celebrate it in Malaysia.

D

Date may vary from nation to nation. The date of 10 October was chosen as it represents precision - ten out of ten. Doctors are expected to give their best each & every time they see a patient.

E

Events such as meetings, community service project and other activities are organized by the Organizing committee of the host state.

F

FPMPAM has been calling for a Doctor’s Day celebration in Malaysia on October 10 since 2014. Host states of Doctors’ Day in Malaysia since 2014:

2014: Perak
2015: Penang
2016: Kuala Lumpur
2017: Perak
2018: Kedah
