Message

Dear All,

On behalf of the Organising Committee and the Council of the FPMPAM, it is my pleasure to invite you to this conjoint meeting of the 2nd FPMPAM/IPH Annual Convention incorporating the 1st FPMPAM Malaysian Healthcare Conference.

The theme of this meeting, "Current issues in medical practices and healthcare in Malaysia" have been carefully selected to provide a common platform to discuss relevant issues common to medical and healthcare practitioners both in private and public sectors. The program covers important topics in clinical, medicolegal and issues dealing with the business of medicine.

An array of national and regional experts have been invited to share their knowledge and experiences with us in these matters.

This is the first time that the Federation have embarked on such an intensive and diverse weekend CME/CPD event. It is my pleasure to acknowledge the innovative programme of the 1st FPMPAM MHC by the co-chairman Dr Milton Lum Siew Wah.

The Federation is of the view that our members cannot remain detached from the important healthcare issues other than the clinical care of patients. We must engage with all the other players and stakeholders in all ways possible in the Malaysian healthcare landscape.

We look forward to a memorable event with your participation.

Thank you.

Dr Steven Chow Kim Weng
Chairman
Organising Committee
