

message from president FPMPAM

Dear Doctors,

With the enactment of compulsory CME for renewal of APC under the new Medical Regulations 2017, the FPMPAM will now take a more direct role as a CPD/CME provider at the national level to complement the effort of its sister societies.

This will be done in collaboration with its partners in various state societies and affiliated associates like the Independent Practitioners Healthcare, IPH Pharmaceuticals and the Penang Medical Practitioners' Cooperative. We are glad to announce this inaugural Annual Scientific Convention which is specially designed to cater for our busy private practitioners. The speakers and topics have been specially selected to address important clinical issues facing those in the forefront of primary care. In addition we shall be addressing the implications of the amended Medical Act (2012) and the Medical Regulations (2017) in a special forum on Day 2.

We look forward to seeing you all at this meeting.

With best wishes,

Steven KW Chow

registration form

Full Name : _____

Name to appear on Nametag : _____

Mailing Address : _____
